

RevitabooTM Peel Pads

OVERVIEW

A professional strength anti-aging peel treatment on pre-soaked cotton towelettes. Our formula is designed to visibly reduce the appearance of fine lines and wrinkles. A unique 5-acid blend combined with natural botanical extracts provides professional results. This potent combination penetrates the skin's deeper layers for increased collagen stimulation, and cell turnover rate. Formulated as a convenient and easy to use peel pad.

BENEFITS

- TCA is a powerful exfoliant that is used when a medium depth peel is required. TCA works on both the epidermis and dermis to have a greater effect on texture. It stimulates collagen production and visibly improves skin's texture and tone.
- TCA works by denaturing the keratin proteins in the skin, creating a controlled damaged that prompts the skin to peel and for new skin cells to regenerate.
- Glycolic acid is an AHA that is best for improving texture and reducing the appearance of lines. Its anti-aging benefits come from its small molecular size that can deeply penetrate the skin. It's useful for a host of skin conditions from pigmentation issues, uneven texture, acne scarring, and wrinkles and fine lines.
- Malic acid, derived most notably from apples, is an AHA that acts as a mild exfoliator. Its ability to clear pores, stimulate cell rejuvenation, and helps increase skin hydration.
- Citric acid, a natural compound found in different fruits and vegetables, but most notably in citrus fruits, is a mild acid that helps shrink pores, brighten, and correct dark spots and light scarring.
- Comfrey extract contains naturally occurring healing compounds (allantoin and rosmarinic acid) to assist in wound repair and to reduce inflammation.
- Cucumber is a non-sensitizing, antioxidant filled extract that promotes anti-aging benefits. Silica helps oxygenate the skin and vitamin C has been effectively shown to brighten the skin.
- Ylang Ylang extract is pressed from the Ylang Ylang flower that is native to Indonesia and the Philippines. It reduces oil production and helps achieve a balanced skin environment. Antiseptic and antibacterial elements aid in wound healing and helps prevent infections.

Ingredients

Deionized Water, Glycolic Acid, Trichloroacetic Acid, Propylene Glycol, Mandelic Acid, Malic Acid, Citric Acid, Canaga Odorata Flower (Ylang-Ylang), Aspalathus linearis Leaf(Rooibos)Extract, Achillea Millefolium (Yarrow) Extract, Emblica officinalis, Salix alba (Willow Bark) Extract, Glycine Soja (Soybean Seed) Extract, Camelia Sinensis (Green Tea) Extract, Matricaria Recutita Flower (Chamomile) Extract, Symphytum Officinale Leaf (Comfrey) Extract, Arginine, Glutamine, Gamma (Linolenic) Acid

Main Ingredients

TCA
Glycolic Acid
Mandelic Acid
Malic Acid
Citric Acid

Performance Ingredients

Ylang-Ylang
Rooibos
Yarrow
Willow Bark
Green Tea
Chamomile
Comfrey
Cucumber

Available Sizes

30 Pads / Treatments

Available Strengths

Revitaboo, Level 2 - pH 1.9-2.2
